# SESSION #1

## FIRST SUNDAY OF LENT

---

### Welcome and Announcements

### Watch the video session

### General Group Sharing and Processing

1. In the video session, J. D. spoke about the season of Lent and its purpose for discipleship. How have you encountered and experienced Lent in your past? How are you challenged to take your experience to the next level this time?
2. How does seeing the season of Lent as a journey of descent, beginning atop the Mount of Transfiguration and journeying downward to the cross, change the way you see the way ahead? How does seeing it in the framework of a map or journey help rather than just as a body text?
3. What do you make of the difference between reading and thinking and hearing and seeing when it comes to the Scriptures? Will you take on the challenge of reading the words of Jesus aloud so your ears can hear them each day?

### Break into groups of two or three and process the following questions.

1. From the readings this past week, what have you heard or what stands out in your efforts to *Listen to Him*? What did you highlight or underline in particular from the words of Jesus?
2. Why do you think these words in particular captured your attention? What heart intention might the Holy Spirit be forming within you?
3. How will you bring this intention to action in the coming week? How can we encourage you in taking these steps? What could distract or deter you?

**Close the small group time by joining hands and with each person praying a short prayer for the person on their right.**
